

Open Day 12th April 2018

On Thursday 12th April 2018, PGL Training will be having an open day at our Training centre at Clyst Works, Exeter. We will be open from 2pm through till 6pm offering FREE advice and guidance to applicants, parents and employers. Come along and say hello!

Our Apprenticeships continue to grow

Despite the 59% fall in the national average of Apprenticeships starts, PGL Training has gained a new contract and has increased our Apprenticeships division by over 30%! This is down to our dedication and commitment to providing an excellent service all over the South West.

Clearvac Group- Traineeship

PGL Careers4U in Partnership with Clearvac International are looking to recruit 20 Plumbing students to undertake a Traineeship Programme, which for some will then lead onto an Apprenticeship with Clearvac Academy. As part of the Traineeship, students will have an opportunity to gain work experience in Marine Engineering working on Cruise ships and super yachts in places like the Bahamas and Singapore for two to four week trips. This will follow an intensive training course at PGL Training, Exeter, Commencing in Feb/March 2018.

The National Apprenticeship Show - Great success!!!

We were proud to be an Exhibitor at this year's National Apprenticeship Show. We have had an amazing week at the National Apprenticeship show. Lots of people seen and over 120 initial applications made for our Apprenticeships and Traineeship provision.

New Head of Construction

We would like to welcome our new Head of Construction Nigel King; who is keen to introduce level 4 and 5 qualifications to PGL's remit in response to requests from construction employers to further upskill their workforce

Positive Skills – FREE 19+ Courses

PGL offers a variety of training courses in addition to the apprenticeships we offer. At present we are able to facilitate courses to help prospective customers to progress into work. We have new short programmes starting in February in Customer Service and Construction; for more information please call 01392 537564 and ask for Kathy. Terms and Conditions apply.
